Community Development Partnership and Score Cape Cod and the Islands to Host QuickBooks for Desktop Workshop Series

Whether you currently use Quick Books or are just considering it for your business needs, this series of workshops is for you. On October 27, November 3rd, and November 11th, the Community Development Partnership and SCORE will be hosting a three-part workshop series on QuickBooks for Desktop. All sessions will take place remotely via Zoom, from 9:00 a.m. to 11:30 a.m. and will be taught by SCORE mentor Megan Terrio, CPA.

The first two sessions, held on October 27th and November 3rd, will serve as an “Introduction to QuickBooks.” The classes are geared towards business owners who are planning to use QuickBooks, have recently started or are looking for a refresher of the basics.

The third session, held on November 10th, will be “Intermediate QuickBooks” and is geared to someone who has attended the introduction session or someone who has been working with QuickBooks. This session is tailored to the needs of the attendees and will include a question and answer portion.
